1. Rescind Notice [REDACTED] which appoints Mr. [REDACTED] as Chief and Mr. [REDACTED] as his principal assistant. This notice is dated 23 December 1952 and is obviously out of date. An assistant should be delegated and probably the assignment should be announced as Appointments of Key Personnel.

2. The responsibility of PAPS should be outlined in Regulation [REDACTED] It is suggested that it might be appropriate to outline their functions in a manner similar to that presently carried for the Auditor-in-Chief.

3. Section 9.4 of the Confidential Funds Regulations should be revised and put into the [REDACTED] of Regulations (Plans, Programs, and Projects). This was assigned to PAPS over a year ago and there apparently has not been much action on it to date.
